the shang han lun has been a primary treatment theory and practice source for nearly two millenia its author zhang zhong jing has been named the chinese hippocrates to highlight the depth and breadth of his contribution to traditional chinese drug therapy this edition features the chinese text pinyin transliteration and an english translation of the entire song dynasty text the content and textual order most used in asia just as in chinese language editions it is fully supplemented with notes and commentaries the notes describe the

clinical symptoms zhang zhong jing associated with the chinese terms for example modern interpretations of a moderate pulse often refer to the speed of its beats the same term when used in the shang han lun refers to a pulse that is loose soft and harmonious such notes provide practitioners with the clinical observations necessary to properly apply the information the commentaries further enhance the text s clinical utility by explaining the theoretical and practical foundations behind the lines of text because entire bodies of theory and practice can be associated with the terms and expressions used in canonical works like the shang han lun commentaries have become a standard means of knowledge acquisition for asian students the commentaries in this edition serve exactly the same purpose greatly enhancing its utility the introductory matter explains the background of the text the conceptual structure of its contents and the problems of exegesis the appendices are designed to assist those studying chinese and the glossary and the full pinyin english index make this an easily accessed reference

the shang han lun simplified chinese 伤寒论 traditional chinese 傷寒論 pinyin shānghán lùn known in english as the treatise on cold damage disorders or the treatise on cold injury is a chinese medical treatise that was compiled by zhang zhongjing sometime before the year 220 at the end of the han dynasty it is amongst the oldest complete clinical textbooks in the world and one of the four canonical works that students must study in traditional chinese medical education today the current edition is in ten volumes including the first to chapters on pulse diagnosis the shang han lun has 398 sections with 113 herbal prescriptions organised into the six divisions corresponding to six stages of disease

the shang han lun on cold damage is among the oldest surviving the most copiously annotated and the most revered of china s traditional medical texts of all of china s early medical classics the shang han lun is undoubtedly the one with the greatest relevance to the modern practice of chinese medicine and the one most deserving of western attention it was the first book to attempt to incorporate medicinal therapy into the medicine of systematic correspondences and channels and network vessels far ahead of its time in both theory and practice it is not surprising that the prescriptions it contains comprise an important part of today s medicinal formulary

a major new translation of the chinese classic shang han lun by scholar and medical doctor guohui liu makes this foundational text fully accessible to english speaking clinicians for the first time extensive study and research underpins the translation the author s understanding of both classical and modern chinese enables him to interpret fully the ancient work within the theory of chinese medicine an extensive commentary explains the translation the difficulties with the text how it has been subsequently translated and expands on the theory laid out in the original text to reach an understanding that can be applied in the clinic for diagnosis and treatment the value of this classic text lies primarily in its establishment of a basic framework for differentiation

and treatment but it also presents 112 formulas and 88 medicinal substances which are commonly applied in clinical work for various conditions in this edition the 112 formulas are fully explained in the context of the clinical experiences of well known ancient and modern doctors and they are also laid out in two appendices cross referenced to the text

this book is the biography of a chinese disease born in antiquity and reaching maturity during the epidemics that swept china during the seventeenth century collapse of the ming dynasty the ancient notion of wenbing warm diseases continued to play a role even in the response of traditional chinese medicine to the outbreak of sars in 2002 3 by following wenbing from its birth to maturity and even life in modern times this book approaches the history of chinese medicine from a new angle it explores the possibility of replacing older narratives that stress progress and linear development with accounts that pay attention to geographic intellectual and cultural diversity by doing so it integrates the history of chinese medicine into broader historical studies in a way that has not so far been attempted and addresses the concerns of a readership much wider than that of chinese medicine specialists

this book can be useful on a journey to helping people and understanding the different forms of medicines from the student preparing for a board certification examination to the acupuncturist and herbalist or other health care provider needing a ready reference this text provides a clear and concise overview of hundreds of conditions and disorders

shang han lun was written in approx 200 ad and remains a seminal text in chinese medicine literature and is mandatory study in all accredited courses of chinese medicine today it analyses the aetiology and pathogenesis of acute upper respiratory tract infections the common cold influenza bronchitis asthma and describes the many permutations as well as subsequent complications it is not just a study of coughs and colds but lays the groundwork for chinese medical theory and its strategies of treatment it also explains the consequences of incorrect treatment and discusses how the omission or addition of even one herb to a formula can affect its efficacy this is the book that makes understanding a complex classic text easy greta young benefits the reader with her years of expertise in studying and lecturing in the classics and guides us through the myriad clauses elucidating their meaning citing points of discussion from various sources and illustrating their application with modifications and case studies robin marchment has translated each clause in a way which is faithful to the original chinese whilst still making the meaning accessible to the english speaker the explanations and discussions use clear english in a free flowing lecturing style which holds the reader s interest each chapter or section is introduced with an overview key points are highlighted and summarised at the end and in addition both ancient applications and modern applications are described the objective is to make it interesting readable and of practical clinical significance to today s practitioners

this book investigates the myths that acupuncturists and herbalists have told about the birth of the healing arts moving from the han and song dynasties to the twentieth century brown traces the rich history of chinese medical historiography and the emergence of the medical tradition archive

integrative medicine emphasizes the combination of both conventional and alternative approaches to address many aspects of health and illness it is a state of the art modern medical care drawn from the very best medicine strategies this book presents the readers with a brief but thorough understanding of various common clinical disorders and traditional chinese medicine tcm theories it demonstrates the readers how diseases are diagnosed and treated by conventional medicine and chinese medicine it guides the readers through the process of evaluating symptoms and accurately prescribing herbs or herbal formula it offers the readers lots of modifications of herbal formulas that will further enhance the clinical results in addition it offers readers a variety of strategies treatment principles detailed prescriptions for coping with common clinical diseases and it offers doctors very workable and practical tools to easily apply tcm to their daily medical practice

focuses on the seventh army in west germany the largest and best prepared field army ever deployed by the u s in peacetime to show how the u s army redefined its identity structure and mission in order to avoid obsolescence during the cold war era of nuclear weapons and air power

bridging the 1949 divide in both literary historical periodization and political demarcation xiaojue wang proposes a new framework to consider chinese literature beyond national boundaries as something arising out of the larger global geopolitical and cultural conflict of the cold war provided by publisher
